AMENDMENT

In response to that Office Action dated January 16, 2003, please amend
the above-identified application as follows where a marked-up version is attached
as Appendix A:

IN THE CLAIMS

Please amend the claims as follows:

1. A transponder provided with an integrated circuit, an antenna, and a first capacitor provided with a dielectric and a first and a second capacitor electrode, which transponder comprising:
 - a stack of layers including
 - a first layer of a dielectric material,
 - a first patterned electrically conductive layer of which the antenna forms part,
